

MUHAMMAD MUNTASIR

Project Management | WordPress Developer | Shopify Developer

I'm a dedicated web developer with over 3 years of experience in WordPress and 1 year with Shopify, specializing in custom template, performance optimization, and creating seamless user experiences. Alongside my technical skills, I bring project management expertise, ensuring projects stay on track and align with your vision. I'm skilled at balancing deadlines and team dynamics while staying updated with the latest trends. With a strong problem-solving mindset and a collaborative approach, I'm eager to tackle new challenges and contribute to innovative web projects.

Work Experience

The Creative Bull Pen

Project Manager

2024 - 2024

As project manager, my primary role is to be the bridge between client and our creative team, ensuring that client vision for their website and branding comes to life seamlessly. My focus is on making sure every detail aligns perfectly with your brand's story, while also keeping the process smooth and stress-free for clients. Think of me as your personal guide through the creative journey, here to turn your ideas into something truly special.

Intellexal Solutions Private Limited

Senior WordPress Developer / Shopify Developer

2022 - 2024

As a Senior WordPress Developer at Intellexal Solution, my role involves overseeing WordPress development projects from start to finish, ensuring they meet client requirements and industry standards. I also stay updated with the latest WordPress trends and techniques. Additionally, I've expanded my skill set to include learning new CMS platforms like Wix, Shopify, and Squarespace to offer versatile solutions to clients.

SoftThree

Associate WordPress Developer

2021 - 2022

As a Junior Developer at SoftThree, I contributed to various development projects by assisting senior developers in coding, testing, and troubleshooting. My responsibilities included learning and implementing best practices in web development, particularly focusing on frontend and backend tasks. During my time at SoftThree, I gained valuable experience in collaborating with team members to deliver high-quality solutions.

Solutionplus

Junior Web Designer / Internship

2018 - 2018

During my internship at SolutionPlus as a Web Developer, I gained practical experience in website development. Under mentorship, I assisted in website creation, design implementation, and technical issue resolution. I actively learned HTML, CSS, JavaScript, and WordPress honing my skills for effective project contribution. This internship provided valuable insight into industry practices and solidified my foundation in web development.
